

## 5 MONEY MAKING BASICS

# The Calculate Your Costs Tool

1. List the ingredients, materials, and labor for your product, then calculate the unit cost.
2. Calculate all setup overhead costs for your business.

List Your Product Costs	Cost Per Unit (\$)	List Your Overhead Costs	Total Cost (\$)
<b>Raw Materials</b>		<b>Equipment</b>	
<b>Direct Labor</b>		<b>Indirect Labor</b>	
<b>Manufacturing</b>		<b>Facilities</b>	
<b>Other</b>		<b>Other</b>	
<b>Total Product Unit Cost:</b>		<b>Total Overhead Costs:</b>
